Less adventurous walkers can follow the road down into the wood. The path leads to the left before the road right. The path turns to the left. Carry on through the farm buildings and use the stile to access the grassy footpath along the old railway line.

Pass through a gate into a field and walk downhill along the old railway track. At the bottom of the hill, a small path drops down towards the B5271 through a small wooded area. The path leads to the left and continues along the old railway track. It then turns to the left. Carry on through the farm buildings and use the stile to access the woods.

Continue the walk by dropping down into the wood using a path leading from the terrace towards the shore. The path leads to the left before the road right. The path turns to the left. Carry on through the farm buildings and use the stile to access the woods.

As the road bears right to enter the village of Lindale you will see a small building on the left. This is the old mill, now a modern house. The path leads to the left before the road right. The path turns to the left. Carry on through the farm buildings and use the stile to access the woods.

Continue walking along the footpath towards the shore and over the stile into the field. Take the wooden steps leading down to the shore again, with the site of the old mill, now a modern house.
